-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --
Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Status

- 1) ☒ Responsive to communication(s) filed on 12 May 2005.
- 2a) ☒ This action is **FINAL**. 2b) ☐ This action is non-final.
- 3) ☐ Since this application is in condition for allowance except for formal matters, prosecution as to the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

Disposition of Claims

DETAILED ACTION

Response to Amendment

The objections to the Abstract and the Specification made in the office action mailed 2/9/05 are satisfied by the amendment filed 5/12/05.

Claims 15-54 remain as pending, with claims 1-14 previously withdrawn without traverse.

Response to Arguments

Applicant's arguments filed 5/12/05 have been fully considered but they are not persuasive.

Applicant submits, "the claimed invention comprises a device having partially connected sleeves having multiple layers of sheet material."; the Examiner submits that independent claims 15 and 35 as amended cite, "**at least a portion** of at least one of the first and second panels **comprising at least two layers** of material wherein at least two layers of material are **connected** (previously 'substantially unconnected')".

The Examiner maintains that the instant invention as claimed, is anticipated by Landau.

Specifically, Landau depicts in Figure-1; a sleeve having an upper end (14) a lower end (12) and a flattened condition, at least a portion of the sleeve being tapered (14) and having a first panel (16) and a second panel (having additional material (28) attached thereto), a first and second edge are readily apparent as cited.

Art Unit: 3644

Regarding the limitation “at least a portion of at least one of the first and second panels comprising at least two layers of material wherein at least two layers of material are connected”, as cited in the amended independent claims;

Landau first discloses preference to, ‘suitable plastic construction, which can, of course, be laminated for decorative purposes’ (opening sentence in column-2), (also see Applicant’s dependent claims 16 and 36, wherein lamination is claimed).

Landau further discloses the ‘bag is preferably made in a laminated plastic...’, (column-2 at or about line-50).

Finally, Landau teaches, ‘Fabricating bag (10) as a plastic laminate, with an outside layer (44) and an inside layer (16)’, (opening sentence in column-4).

Therefore, Landau teaches at least a portion of at least one of the first and second panels comprising at least two layers of material (44 & 16) as cited, and further teaches at least two layers of material are connected (as in laminated; column-4, line-1).

The Examiner concludes, that given a reasonable interpretation consistent with the broad recitation of the pending independent claims, Landau teaches, discloses and suggests the instant inventive concept as claimed; and in consideration of the amendments to the independent claims, whereby the layers of the sleeve are now ‘connected’ and previously ‘substantially unconnected’, no revision to the rejections presented in the prior office action are necessitated by the amendments, and are resultantly maintained.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
